RE: Florida Update

The Florida Insurance Department has asked us to advise you that Florida law requires all Property and Casualty licensed agencies to renew their licenses every three years.

Agency licenses must be renewed online at www.myfloridacfo.com/agents. There are no fees associated with the agency license renewal.

Currently, a renewal notice is mailed to all agencies. In the near future, it is our understanding Florida will communicate exclusively through e-mail.

It is very important that you keep your agency e-mail address updated and that all licensees in your agency keep their individual e-mail addresses updated with the Florida Department of Insurance.

Agency Department
